

Cracks in the Universe (Paperback)

By Charles Tomlinson

Carcenet Press Ltd, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book. Cracks in the Universe names those times and spaces in which our awareness is made more acute. Charles Tomlinson s latest collection ranges from memories of childhood incidents to vivid evocations of America, France and Spain; from meditations on works of art to precisely observed details of the world as the thing it is . Tomlinson views the commonplace afresh: apples, a glass of water - the M62. Infused with a sense of the mysteries to be found within phenomena, this is a collection shaped by the passing of time that reconciles the human and the natural worlds: the lengthening shadows at sundown that transform the walker into a phantom giant , the shifting planes of light and dark that mark out the seasons in a house and in the landscapes around it.
