Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from General and Local Anesthesia The competent anesthetist is the surgeon s most valuable assistant. Conscious of this fact, I have endeavored to present in a concise form, the technique of surgical general and local anesthesia. The book could have been made more academical, could have been made to include interesting discussions of as yet unsettled points, but as it was intended for the hospital interne and for the general practitioner I decided to make it purely practical. Points that admit of controversy I have omitted. The methods that I have outlined are methods that are sanctioned by European and American clinicians. They are methods which I have tested in my surgical service at the Cook County Hospital. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
