The Eibner method as modified by Mr. Thompson gives very good results on this oil, and duplicate determinations agree well within 1 per cent. In view of the fact that the yield of hexabromides is higher for perilla oil than for any other oil we have tested, we believe this to be one of the most valuable tests. Report Of C. T. Bragg. Experiments made by C. T. Bragg on the usefulness of perilla oil in place of linseed oil for the manufacture of high-grade cores in foundry work, indicate that the perilla oil...
