

Essential Mathematics

By Mike L. Keedy, Marvin L. Bittinger, William B. Rudolph

Pearson Education (US), United States, 1992. Paperback. Book Condition: New. 6th Revised edition. 279 x 211 mm. Language: N/A. Brand New Book. Using the pedagogical methods that have made Keedy/Bittinger work-texts so popular and effective, this sixth edition of Essential Mathematics gives students a brief review of arithmetic and introductory algebra, while it focuses on intermediate algebra. Geometry is also thoroughly covered in the text. This work-text features pretests, clear learning objectives, margin exercises, section exercises, and chapter reviews and exercises. Thinking it Through exercises are designed to promote critical thinking. Icons are used to key supplementary materials directly to the text. This edition is designed to meet the needs of states that have competency texts covering material through intermediate algebra.

Reviews

This is basically the very best book we have go through until now. I have got read and i also am confident that i am going to gonna study once again again in the future. I am just very happy to inform you that this is basically the very best ebook we have read inside my own life and might be he very best publication for at any time.

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
