Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

Condition: New. Publisher/Verlag: Birkhäuser Berlin | L'essentiel sur les matériaux et technologies à l'usage des créateurs | Materiology is directed at all those who are interested in materials and in working with materials: from architects, production designers, and stylists to artists: a handbook for students and new professionals as well as for experienced professionals, written in a clear, understandable style. In four chapters, Materiology offers an overview of the different kinds, processing, and use of materials: 1. Material families: from wood, metal, and plastics to light. 2. Material catalog: over 120 material cards, from basic materials to the latest innovations. 3. Processes: The basics of material processing (spray molds, extrusion, and so on) are presented in a clear manner using numerous diagrams. 4. Thinking ahead: from new processing and use possibilities to questions concerning environmental protection and virtual reality. A prospectus addresses the issues that will be relevant in the future for material development and material use. | Format: Paperback | Language/Sprache: fre | 1484 gr | 300x202x28 mm | 376 pp.
