

## The Liverpool Manchester Railway (Paperback)

By Anthony Dawson

Amberley Publishing, United Kingdom, 2016. Paperback. Condition: New. UK ed.. Language: English . Brand New Book. Formally opened on 15 September 1830, the Liverpool Manchester Railway was the world's first inter-city passenger railway, and the first operated from the outset by locomotives. Dogged by controversy during its construction, and on the opening day itself when an MP was run-down by a train, the Liverpool Manchester turned tragedy into triumph, opening the age of rail travel. Drawing from first-hand accounts of the railway, this book hopes to shed some light on what it was like to travel on the Liverpool Manchester in 1830, from booking tickets to riding in a carriage, providing a mile-by-mile guide to the line and what is left of George Stephenson's masterpiece after 185 years of railway development.
