Wiley India Pvt. Ltd, 2015. Softcover. Condition: New. First edition. The book focuses on machine learning and systemic machine learning -- a specialized research area in the field of machine learning. It also covers reinforcement learning and advanced developments in this field. There are always difficulties in making machines to learn from experiences. Further always while learning the complete information is not available and it becomes available in bits and pieces over the period of time. The information is even collected and processed from a particular perspective. As per systemic learning there is need to understand impact of decisions and actions on system and that to over the period of time. Preface Acknowledgments About the Author 1 Introduction to Reinforcement and Systemic Machine Learning 1.1. Introduction 1.2. Supervised, Unsupervised, and Semi supervised Machine Learning 1.3.
