SAFETY IN SAMPLING: METHODOLOGICAL NOTES

DOWNLOAD

Food & Agriculture Organization of the United Nations (FAO). Paperback / softback. Book Condition: new. BRAND NEW, Safety in Sampling: Methodological Notes, Food and Agriculture Organization of the United Nations, The presented methodological notes address the question of sampling accuracy when sample-based data collection operations are performed under operational constraints - a frequent concern of fishery administrations with limited budgets and human resources. The paper focuses on an 'a priori' determination of safe sample size using classical statistical methods appropriately adjusted to respond to specific target populations. The concepts and methods included in the paper apply equally to both marine and inland capture fisheries and are presented in a manner that is generic enough to make them adaptable in commonly used data collection systems.
