

Caliban s Filibuster (Paperback)

By Paul West

VerboraciousPress, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Caliban, an embittered screenwriter of B-grade movies, yearns to be a great novelist. He is torn between the harsh reality of gainful employment, its inauthenticity, and the conflicting impulse to and recoil from the creative exploration of his Self and his world. Travelling with an incompetent actor (Murray McAndrew) and an authoritarian movie producer (Sammy Zeuss) from the United States to Japan to make one of Zeuss's low-budget films, Caliban unfolds three meta-texts serving both as his artistic efforts to craft the great narrative and to rebel against the drudgework that he feels forced to undertake for Sammy Zeuss. These stories represent both his mutinous filibuster and his attempts to work through his own aesthetic paralysis and insecurity. Paul West was one of the finest stylists in the literary canon--reading Caliban s Filibuster is to plumb an imagination so rich and varied that one simply lives and breathes the curiosity with which he approaches the world. INTRODUCTION BY JOSEPH F. PESTINO INTERVIEW BY GEORGE PLIMPTON.

Reviews

A top quality ebook as well as the typeface used was interesting to see. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. Its been written in a remarkably easy way in fact it is only right after i finished reading this book in which basically changed me, modify the way i really believe.
