A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).

ARISTOPHANES: CLOUDS (PAPERBACK)

Createspace, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Clouds is a comedy written by the celebrated playwright Aristophanes lampooning intellectual fashions in classical Athens. The Clouds was originally produced at the City Dionysia in 423 BC and it was not well received, coming last of the three plays competing at the festival that year. It was revised between 420-417 BC and thereafter it was circulated in manuscript form. The Clouds can be considered not only the world's first extant comedy of ideas but also a brilliant and successful example of that genre. The play gained notoriety for its caricature of the philosopher Socrates ever since its mention in Plato's Apology as a factor contributing to the old man's trial and execution. The most controversial of Aristophanes plays, The Clouds it is a brilliant caricature of the philosopher Socrates, seen as a wily sophist who teaches men to cheat through cunning argument.
