Hippocampus Press. Paperback. Book Condition: New. Paperback. 150 pages. Dimensions: 8.2in. x 6.1in. x 0.4in.H. P. Lovecrafts New York Exile of 1924-26 was perhaps the unhappiest period of his entire life: living in a city whose giganticism and heterogeneity he loathed, unable to find work and forced to economize drastically on food and other necessities, and trapped in an uncongenial marriage, Lovecraft could only express his anger and despair in his work. This volume, which gathers the five stories he wrote during this period, shows how Lovecraft sought refuge by returning imaginatively to his native New England (The Shunned House, In the Vault), lashing out at the many foreigners occupying the city (The Horror at Red Hook), seeking the antiquarian havens that still remained in the metropolis (He), or boldly confronting New Yorks clangor and stridency (Cool Air). Editors S. T. Joshi and David E. Schultz supply a lengthy biographical introduction as well as exhaustive notes to each story, supplying information on their background, influences, and use of the history and topography of New York City. As a result, these five stories present an underlying unity beyond their varied themes and locales: they show how Lovecraft came to terms with Americas only true megalopolis. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
