## EXPLORING THE HISTORY OF HYPERBARIC CHAMBERS, ATMOSPHERIC DIVING SUITS AND MANNED SUBMERSIBLES: THE SCIENTISTS AND MACHINERY

[DOWNLOAD](#)

Xlibris, Corp. Paperback. Condition: New. 152 pages. Dimensions: 8.9in. x 5.9in. x 0.5in. Hyperbaric oxygen therapy has proven beneficial for many types of wounds including diabetic ulcers, burns and wounds related to radiation therapy. But where did this technology come from? Who discovered oxygen? How did the Navy discover that divers could be treated for the bends in a hyperbaric chamber? How does hyperbaric science relate to airline pilots, deep sea divers and astronauts? All these topics will be explored; from the first submariner to the largest hyperbaric chamber. The scientists throughout history have been gathered here along with their discoveries pertaining to hyperbaric environments. We employ hyperbaric science and the laws of gas every time we fly in a jet, prepare food with a pressure cooker or even dive into a swimming pool. Man has always been driven to discover the depths of the ocean. But in ancient times, man was limited by the pressure that water exerts on him. How could a diver overcome this tremendous pressure? We, each and every human being on the face of the planet, have a column of air pushing down on us. This column of air goes from the top of our heads to the edge of outer space. So, the next time you feel you are under pressure, be sure to remember that YOU ARE! This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
