This wide-ranging book will provide assistance for those who wish to bring all these currents together in a coherent way. Retiring at the age of 35 after successful involvement in business, politics, and education, David began to consider more carefully what was truly important in his life. His understanding developed further through dialogue with hundreds of participants in seminars and workshops he has presented during the past twenty years. In this book, he shares the insights gained in the process of his personal exploration and exchange with others.
