By Kaz Lefave

Aguacene Publishing, Canada, 2018. Paperback. Condition: New. Language: English . Brand New Book. While Earth gets hotter day by day, Elize s deteriorating mental stability awakens forces that even the Ministry, the seat of world power, cannot control. In this final installment of the first trilogy in the 10 episode Nemecece(TM) series, the hunt for twins Keeto and Elize continues, and a race to save Elize from her own self-destructive behavior emerges. With the help of their mother s ex-medic, Dr. Tenille, and his secret connection with the new director of the Unification Research Arm, Elize gains access to classified experiments that could hold the answers to her psychosis. Coupled with their half-Gadlin friend Zafarian s ingenious hacks into high council data packets, the snooping trio discover that the twins absent father had been hiding more than his true profession from them. But he is not the only one with questionable origins. Groups of mysterious beings are appearing, and certain children are at risk, once again. What transpires inside the illusory safety of their young community is unspeakable, as is their fate. If the twins only knew what really happens at the Almedina orphanage, and who is ultimately responsible
