Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Using Google Super Vote - - to Create The Super States of America is all about how to use the latest Internet Voting technology to save this country and later the world from the rule of the puny and undersized Brain Trust we must suffer in America today. Google Super-Vote is used currently to choose the viewer s favorite contestants to be the next American Idol. We can use this same Internet Technology to select from a wider range of candidates and a wider range of ideas. I became interested in real democracy in America when I was asked by President Nixon to join his highly immoral, unethical, and highly destructive military machine and participate in the horror known as Viet Nam. It was this most perplexing moment in my life that made me realize there had to be a better way to conduct the affairs of what I and many millions of other people all over the world considered to be the greatest country of all time, and this decision not our finest hour. Everyone I knew and millions of Americans, were protesting against this war. Yet, one man, Lyndon Johnson and then his successor Richard Nixon defied the will of the vast majority of American people and decided to have his little war despite public opinion, citing The Silent Majority . According to Nixon, most people supported his genocide against the Viet Nameese people by their silence. Until the invention of the Internet, we had no voice, so they still can consider us a Silent Majority and much of the evil in this world is perpetrated even today under this banner. With Google...
