Taschen GmbH, Germany, 2017. Hardback. Condition: New. Language: English . Brand New Book. Film Frights Revised and expanded, the ultimate guide to horror cinema Get ready to quake in fear with this revised and expanded edition of our history of horror cinema. This chilling volume packs 640 pages full with the finest slashers, ghosts, zombies, cannibals, and more, curating the very creepiest screen creations from the flickering spooks of the 1920s to the special-effect terrors of the 21st century. Across 10 illustrated chapters, the compendium gets under the skin of some of horror s favorite figures and themes, whether the sci-fi dystopia, the haunted house, the female killer, or the werewolf. Each classic device is explored in aesthetic and historical terms, probing horror s manipulation of archetypal human fears as much as socially and culturally specific anxieties. A subsequent Top 50 movies section brings readers up close and trembling with 50 horror showpieces, from black-and-white classics like Dr Jekyll and Mr Hyde and Godzilla to Rosemary s Baby, The Wickerman, The Shining, The Blair Witch Project, and much, much more. Throughout, the book s featured images, among them many unique visuals from the David Del Valle archive, include movie posters, set designs, film stills, and on-set shots. About the series: Bibliotheca Universalis-- Compact cultural companions celebrating the eclectic TASCHEN universe at an unbeatable, democratic price! Since we started our work as cultural archaeologists in 1980, the name TASCHEN has become synonymous with accessible, open-minded publishing.
