CRITIQUE OF THE GOTHA PROGRAM (PAPERBACK)

DOWNLOAD

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Offering perhaps Marx s most detailed pronouncement on programmatic matters of revolutionary strategy, the book discusses the dictatorship of the proletariat, the period of transition from capitalism to communism, proletarian internationalism, and the party of the working class. The Critique is also notable for elucidating the principles of To each according to his contribution as the basis for a lower phase of communist society directly following the transition from capitalism, and From each according to his ability, to each according to his needs as the basis for a future higher phase of communist society. In describing the lower phase, he states that the individual receives from society exactly what he gives to it and advocates remuneration in the form of labour vouchers as opposed to money. The Critique of the Gotha Program, published after his death, was one of Marx s last major writings.
