MEDIEVAL EUROPE (PAPERBACK)

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Medieval Europe is a European history text by H. W. C. Davis. By a period of history we mean the tract of years in which this balance of harmonious activities, this reconciliation of the real with the ideal, is in course of preparing, is actually subsisting, and is vanishing away. Such a period were the Middle Ages--the centuries that separate the ancient from the modern world. They were something more than centuries of transition, though the genius of a Gibbon has represented them as a long night of ignorance and force, only redeemed from utter squalor by some lingering rays of ancient culture.
