Desserts in a Flash is full of quick and delicious ways to finish any meal. Some meals just aren t complete without a dessert to wrap up the evening. Other times, we have a sweet tooth that we will do anything within our power to satisfy. Occasionally, when creating a meal, we realize that it simply wouldn t be right to serve it without at least having something to end it with. Unfortunately, when we realize that a dessert would be the perfect ending to a meal, it s too late. Sometimes recipes call for a lot of time that we will have to spend mixing ingredients, waiting for the baking time in the oven, or sitting while they chill in the refrigerator. Frankly, desserts just seem to take up too much time, time we often don t have. Luckily for us though, you don t always need to have the whole day before you so you can create desserts. Desserts in a Flash provides you with numerous recipes for delicious desserts that take no time at all to create. You can have your cake and a pie at the same time! Or you can enjoy a no-bake cake on those occasions when you don t want a hotter kitchen. Lack of time will never again prevent you from creating a scrumptious dessert for friends, family, or just to satisfy a sweet tooth that has happened to strike you.
