THEORY AND BACKGROUND FOR SYSTEMIC WORKER MOTIVATION

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Including a Case Study | Since Max Weber, scholars have been trying to understand the mechanisms affecting worker motivation. Various negative and positive reinforcement has been tried from Theory X and Theory Y to Maslow's Theory Z. Yet worker productivity varies greatly and managers are often frustrated by their inability to get more work from workers. Scholars have published a great variety of theory and there have been calls for an overarching...
