*This ebook is fantastic. It is actually written in straightforward terms rather than hard to understand. It has been designed in an extremely straightforward way and it is merely soon after I finished reading through this ebook through which in fact modified me, altered the way I really believe.*

SAGE Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Carl Rogers Helping System: Journey and Substance, Godfrey T. Barrett-Lennard, 'This book is a monumental achievement, and person-centred practitioners will be indebted to Goff Barrett-Lennard for many years to come. He has written no only a definitive study of the history of person-centred approach - what he calls a report of the "evolutionary course of a human science" - but also an accompanying commentary which is unfailingly enlightening, sometimes provocative and occasional lyrical' - Brian Thorne, Emeritus Professor of Counselling, University of East Anglia and Co-Founder, Norwich Centre 'I highly recommend this book as a reference source of major import, as bibliography, as history as art, and as a complex discussion of questions that plague the person-centred practitioner and the client-centred therapist' - The Person-Centered Journal 'If you only ever buy one book about the Person-Centred Approach, other than those written by Rogers himself, this is the one. It is a staggering achievement by one of the most knowledgeable writers in the field' - PCP Reviews 'This book is a gem, and should have wide appeal. It is an excellent introduction to person-centred psychology, written in accessible style, and it takes the reader beyond the simplicity often confused with naivety Goff Barrett-Lennard reveals a sophisticated complexity that challenges us to view the "person" with fresh eyes and an open mind' - Tony Merry, University of East London 'I strongly recommend this book as a sophisticated treatment of the client-or person-centred approach to therapy and its applications to areas outside therapy. It is also a useful overview of research on all aspects of person-centred ideas' - Psychotherapy Research 'This book is not a single "meal" in itself but a positive "larder" containing every imaginable staple food and condiment all exquisitely and thoroughly researched. The...
