

## Calculus Super Review Second Edition, Revised Super Reviews Study Guides

By -

Research & Education Association. Paperback. Book Condition: New. Paperback. 480 pages. REAS Calculus Super Review contains an in-depth review that explains everything high school and college students need to know about the subject. Written in an easy-to-read format, this study guide is an excellent refresher and helps students grasp the important elements quickly and effectively. Our Calculus Super Review can be used as a companion to high school and college textbooks or as a study resource for anyone who wants to improve their math skills and needs a fast review. Presented in a straightforward style, our review covers the material taught in a beginning-level calculus course, including: functions, limits, basic derivatives, the definite integral, combinations, and permutations. The book contains questions and answers to help reinforce what students learned from the review. Quizzes on each topic help students increase their knowledge and understanding and target areas where they need extra review and practice. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

### Reviews

*This ebook will never be straightforward to get started on looking at but really fun to read. It is amongst the most incredible publication i have got read through. I realized this pdf from my i and dad encouraged this publication to learn.*

-- **Mrs. Anya Kautzer**

*Certainly, this is the very best work by any writer. It is loaded with knowledge and wisdom I am just quickly will get a satisfaction of reading through a created publication.*

-- **Donavon Okuneva**
