This book is really gripping and fascinating. Of course, it is actually play, nonetheless an interesting and amazing literature. You will not feel monotony at anytime of the time (that's what catalogs are for about if you request me).

If you've never worked with your chakras before, it's possible that they're off-balance or closed off, causing problems throughout your life. Problems with money, relationships, your career, your health, spirituality, public speaking, intuition, love—all of these and more can arise from improperly balanced chakras. Heal Yourself is a great resource whether you're a newcomer to the chakras or whether you're steeped in these philosophies already. John Lake has worked with the chakras for over a decade, and has an incredible breadth of knowledge to share. In Heal Yourself, he demonstrates how to get in touch with each of your chakras, helping you take control of your life and connect to your body on a deeper level. Within Heal Yourself, you'll learn: - The colors, elements, and animal totems traditionally associated with each chakra - Methods to recognize whether your chakras are open or closed - How to harness the power of your seven main chakras, and chakra zero (the foot chakra) - Visualizations and other exercises to help you connect to and open each chakra - Techniques demonstrating proper use of affirmations and tapping therapies All this, combined with John Lake's engaging anecdotes gained over years of working with others to open their chakras. Heal Yourself, whether you're an absolute beginner or have been working with your chakras for years, is an essential read and a definitive text on this ancient philosophy. Balance your chakras with Heal Yourself and unlock your hidden potential. Your life will thank you.
