BY EXECUTIVE ORDER: BY EXECUTIVE ORDER: LIFE IN AMERICA UNDER PRESIDENTIAL DIRECTIVE 12919 (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.On a calm Sunday morning the President of the United States declares martial law on a sleeping nation. Using Executive Order 12919, the President proclaims that an event has occurred that is a potential threat to the security of the United States. Our national debt has triggered the crisis. Foreign countries, complaining to the United Nations that the United States may forfeit on outstanding loans, force a war fearful response. United Nation peacekeeping troops suddenly deploy in every town, city and populated area in the country. United States military forces obey the order of their Commander-in-Chief and do not oppose the temporary submission to United Nations rule. The United States does what so many other countries have done over the decades, share sovereignty with the United Nations under the guise of establishing peace and stability. The immediate civilian revolt is crushed and a new means of opposition to oppression takes root. The main body of the story occurs fourteen years after the day of days as bands of patriots using a Fabian strategy loosen the grip of both their domestic and foreign masters to reach a favorable tipping point in the struggle for freedom. -Is the human spirit undaunted by evil? -Will the spirit always strive for goodness, greatness and freedom? -Which is more powerful, the love of power or the power of love? This warning tale of what may happen in our near future is a spy story wrapped in a mystery and embedded in a drama. If you like suspense, surprise, horror, humor, action, mystery and a touch of romance, then this story will satisfy you.
