

Northwest Range-Plant Symbols Adapted to Automatic Data Processing (Classic Reprint) (Paperback)

By George A Garrison

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Northwest Range-Plant Symbols Adapted to Automatic Data Processing Common names, with the principal exception of those for trees, are in accordance with the second edition of standardized-plant Names by Harlan P. Kelsey and William A. Dayton, 1942. The check list of trees by Little was followed for common and scientific names of trees. Handbook No. 58, Grasses Introduced into the United States, 1953, by F. C. Weintraub{ was used as a supplementary reference when no common name for an introduced grass could be found in Standardized Plant Names. Use of capital letters in common names, for all sections of the list, was restricted to words which are proper names. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
