Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Does God exist? Can it be proven? Believers, seekers, and skeptics from all sides of the debate have been endlessly fascinated by such questions. In *Contra Christian Apologetics*, Spencer Hawkins provides a skeptic's response to the arguments for God offered by Rice Brooks in his book *God's Not Dead*. The nine proofs covered are: the argument from reason, the moral argument, the kalam cosmological argument, the fine-tuning argument, the argument from biological design, the argument from meaning and purpose, the historical reliability of the Bible, the grace effect, and the argument from personal experience. Hawkins concludes with a section on the problem of evil and the rationality of Christian belief.
