Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Early Intervention System-a system that statistically compares law enforcement employee performance against a range of numerical norms, and helps assess which employee may need help with their personal or professional problems-is being adopted nationwide. Using the Enhancing Cultures of Integrity Grant that was issued by the Department of Justice Office of Community Oriented Policing Services (the COPS Office), the San Diego Police Department has adopted its own EI system. The Early Identification and Intervention System (EIS) was complex to design and apply, and has been an overall success. In this guide, the SDPD documents its experience, along with a very useful step-by-step outline, in order to help other agencies build their own successful system.
