On Demand Publishing, LLC-Create Space, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.There are many kitchen appliances to make our life easier and our dishes tastier. Along with steamers and pressure cookers, there is another wonderful pot called slow-cooker. Slow cooker is designed for cooking at low temperatures, below the boiling point, which allows you to reduce the amount of fat and makes it possible to do other things, like sleeping and going to work, while the miracle pot does the magic with the products you put in it. Products in the slow cooker do not burn, so it does not require your constant presence. You just need to program the slow cooker and then you can go about your business. If you have or planning on acquiring a slow cooker, but not sure if it will be any use for any of your vegan dishes, than you should look no further. With the help of the slow cooker you can cook many different dishes and surprise your family and friends. This is such a universal thing, in which you can make desserts, casseroles, stews and other tasty dishes without putting in much effort or using other kitchen equipment. Slow cooker is a wonderful tool that saves time and adds positive emotions to your cooking experience. It helps to fulfill our goals of eating healthy food, the cooking process of which will not take much time and will not be tedious. When the food is done cooking in a slow cooker, the most appliances automatically go into the keep warm mode. This is very convenient because in the morning you can take care of the dinner ahead and in the evening a hot dish will be ready for your family. Cooking is a...
