

The Concepts of Ethics (Classic Reprint) (Paperback)

By Sidney Zink

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Concepts of Ethics The ethical theorist tries to understand the concepts we use in our everyday ethical decisions and judgments. Some of these concepts are perfectly fundamental: such are value, obligation and responsibility. It is the explicit or implicit presence of one of these concepts in a judgment which enables us to identify the judgment as ethical. These concepts involve others. In understanding value we are driven to determine its relations to desire and to pleasure; and in understanding responsibility we must analyze will, choice and intention. I propose, then, to investigate these concepts and their interrelations. In my View ethics concerns events or objects which can be known. But the problem of knowing these things is not, like the problem of knowing other events and objects of an empirical science such as chemistry or zoology, one of obtaining experience of new phenomena. We are well acquainted with the phenomena; the problem is to under stand their relations. Whether this understanding involves new observations it is not now necessary to decide. What is involved is, at any rate, very different from...
