As a rule no attempt has been made to describe the experiment, but a reference has been given to a full description of it in a standard manual or text book. In the references, for the sake of brevity, the name of the author has been given without the title of the work. Below, therefore, is a list of the books referred to with their publishers: Ames and Bliss, Experiments in Physics, Harper Brothers, 1898. Barker, Physics, second edition, Henry Holt Co.
