We come in contact with thousands of germs daily and don't give a second thought to the risks they pose. In *Common Sense Germs*, the author explains the importance of proper sanitation and being aware of our surroundings to avoid contamination from these germs. Many places we visit each day, such as the grocery store, malls, and nail salons, contain various health risks to which we should be made more aware. We should be washing our hands before and after performing everyday actions such as the handling of money, our credit cards, and mail.
