Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The Most Comprehensive Hacking Beginners Guide! There are a lot of books on the market intended for people who want to hack. A lot of them have one thing in common: they delude you into thinking there's any one way to hack. The fact is that that's not a tale which is really congruent with reality. Hacking: The Ultimate Beginner's Guide to Learn Hacking Effectively instead teaches you to be the best hacker you can be, because it doesn't hold your hand: it teaches you broad concepts and inspires you to guide yourself going forward with your hacking education. In this book, you're going to be learning a lot of the key concepts that major hackers say that you need to understand in order to be a successful hacker. These include things such as the basics of networking, enabling you to learn and fully understand the manners and avenues that computers use to talk to one another; the basics of programming, enabling you to write your own programs and scripts to make yourself into...
