---

By Leon Gray

Capstone Press, United States, 2015. Paperback. Book Condition: New. 249 x 193 mm. Language: English . Brand New Book. Animals build an incredible array of structures in which to sleep, raise young, or catch prey. Some structures involve excavating in subsoil or wood, others involve construction underwater, and some are fixed to trees. Polar bears dig out caves in the snow to protect themselves from the coldest weather. Spiders spin webs of incredibly strong silk to ensnare prey. Prairie dogs dig underground towns that can house hundreds of families.

### Reviews

*This ebook might be worth a read, and superior to other. It is probably the most remarkable book i have got read. Its been designed in an remarkably straightforward way and it is merely soon after i finished reading this publication where really modified me, alter the way i really believe.*
