In the culmination of his life s work and quest to obtain the evidence, he has unwittingly unleashed a powerful demon upon the world. While the demon wreaks havoc with several lives, Dr. Kher struggles to understand the demon and how to stop it. His research leads him to another mysterious entity that battles the demon for supremacy, and may be his only hope to stop it. The advance of science and our increasing knowledge of the universe, space, and time, have led to theories about the existence of multiple dimensions. The majority of these theoretical dimensions are difficult to wrap our minds around. However, there is one dimension in particular that has been familiar to us for some time, the parallel spiritual dimension. Two parallel ribbons strung out over space and time, these two dimensions are separated by a plane known as the veil. Where the two dimensions collide, the veil spills into both dimensions and an exchange of energy occurs allowing each dimension to influence the other. This influence can be seen in the form of a blessed place of peace and serenity, or a haunted place of fear and despair. It is in the veil where a spiritual war is being waged over the souls of man.
