Religion Spirituality - The Names of Angels addresses the many questions people have about angelic beings; what are their names, their nature, their role in God's divine plan? It is a compendium of knowledge that people can use to get a better understanding of the subject and increase their knowledge of God's Word. Through church history, the discussion of angels has sometimes become intense and many myths have surfaced. Now you can truly discover the truth about angels. It is not a book on spiritualism and in fact it is a book of spirituality vs religion. It delineates what are the differences in religions and speaks about religion spirituality. If you have a desire to better understand God's will in your life and your position amongst the saints, you should read this book and pass it on to all believers and unbelievers as an evangelical tool.
