By Steve Foppiano

Tate Publishing Company, United States, 2015. Paperback. Book Condition: New. 170 x 124 mm. Language: English . Brand New Book. Let me introduce myself. My name is Walter Storys. I have a story to tell, and even though it may seem unbelievable, it really happened. I won t get offended if you simply read this tale for entertainment and then call me crazy. What I m getting ready to tell you really happened to me, and I have a hard time believing it. But whether you re gonna believe it or not, tie your shoes, put on your hat, and let s go on this little journey together. Time Tells is about a man who gets whisked away by the hands of a clock, whose names are Tick and Tock. He goes to specific days in the Bible and totally experiences what they were like, both the good and the bad. Some of this story is true, and some of it is fiction. I hope you can take pleasure in which is which.
