

Be Pruned: To Bear Fruit That Will Last (Paperback)

By James F Gauss PH D

Createspace Independent Publishing Platform, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Pruning-masterful pruning-is the most important practice in developing a good or sound tree (vine, shrub, or other plant). Spiritual pruning, the subject of this book, is the most important development process for the growing Christian who desires to be more Christ-like each day. God, the Master Gardener of us all, uses spiritual pruning to bring forth the greatest purpose for which our life was created. As you prune your plants with care to avoid injury, and thus encourage and stimulate maximum growth, function, beauty, and production, so it is God s intention in our pruning process. This masterful pruning procedure by the Master Gardener (while it may seem painful at times) does not inflict harm or injury upon those He desires to see mature to their fullest potential. This devotional/Bible study book is excellent for small groups or personal reflection and spiritual growth.
