This is the story of how a simple email, turned text message, turned into a love affair of the mind, body, soul and heart. When it actually started and if it ever ends is something no one can predict yet. The man and the woman have names however you will rarely see them used which makes this even more curious because this could be anyones story, from any walk of life and therefore it is up to the reader to decide whether this story is fact or fiction. A man, a woman, years of silent admiration and curiosity explode into an uncontrollable frenzy of emotions trying to be squelched and even ignored and a physical passion to rival any past, present or future loves theyve encountered. They barely made any small talk, they had talked enough, now the only communication they needed was with the energy flowing though their bodies, eventually ending with both of them collapsing in ecstasy and satisfaction. As he opened the door they both looked out into a winter wonderland as the first Christmas snow had started to fall while they were falling so deeply into one another. Her: Thank you for being my Christmas present! Never had a better present! Him: I was great for me too. I loved unwrapping my present. Her: MERRY CHRISTMAS! I realized so far I received everything I wished for: A White Christmas and you! Him: The only thing that would have made it more perfect was to fall asleep and wake up by your side this morning wrapped in your arms! This item ships from La Vergne, TN. Paperback.
