Shelter Harbor Press, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. Filled with unique information and archival photos of writers at their typewriters-- Typewrite is a fascinating look at one of the great inventions in history. Personal computers may have replaced the typewriter in most homes and offices, but the venerable writing machine is currently staging a comeback. From portable models that hipsters are snapping up to Tom Hank s bestselling app that recreates the sound of a manual typewriter on a modern tablet, the typewriter has never been so hot. This celebration of the typewriter covers what a platen knob is, why QUERTY won out over all the other arrangements of keys and which others loved (or loathed) their typewriters.
