An Emerging Approach to Drug Design

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | An Emerging Approach to Drug Design | Computational drug design approach has a great potential in accelerating the drug discovery process. Structure-based drug design and ligand-based drug design are the two broad classes of computational drug design. Cancer is a class of highly complex diseases involving multiple genes and multiple cross-talks between signaling networks. Cancer cells may be developed from inherited defects or acquired damages of DNA. However, many cancers are resistant..
