Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book, written by a Christian for Christians, begins with the story of Abraham, then introduces Mohammed and traces the growth of Islam through the centuries. Next follows a comparison of the themes of the Bible and the Quran, and an outline of some of today's viewpoints in both Christianity and Islam. The book continues by describing current trends in inter-religious relationships, then offers suggestions for Christians as they stand for Christ in this increasingly Muslim world. I found the book very informative from the prologue to the last page. The author is talented in her way with words, writing in a manner that is easy to understand. The chapters are each thought-provoking and offer a lot of information to digest. Any person who has questions about the Muslim way of life, especially from a Christian standpoint, will find answers to many, if not all, of their questions. Reviewed by Brenda Ballard for Readers Favorite .This is a very well-written book that not only provides information, but gives facts of history to support each theory or belief. I personally liked the ending of the book which includes various notes, references and appendices. This is without question a very vital part of the book and is sure to benefit the reader. I really enjoyed reading this book and would recommend it to anyone who is looking to learn more about Christianity and Islam. Reviewed by Darin Godby for Readers Favorite .This easy book is a good source of knowledge for those who want to learn more about Islam, from a secondary perspective.
