Brand New Book ***** Print on Demand *****.The life stories in this collection show how small actions, gestures, or events in an ordinary day often bring lasting effects or insights for a lifetime. These stories were inspired by Annemarie s love of the deeper meanings of life experiences, finding extraordinary meaning from seemingly ordinary days. She believes our thoughts and smallest actions create ripples. Many secrets are hidden in our daily life experiences. They allow us to understand gifts in the groans and blessings in the blissful. In these stories, discover layers of truth as valuable learnings rather than insignificant or painful memories. Like uncovering the secrets of the universe in a single drop of water, one thought or action can teach us awareness and gratitude--jewels in our junk. She believes we are one spirit and yet expressing ourselves in many different ways to be the ripple.
