

Kendoku: Volume 2: The Next Logical Step (Paperback)

By David Levy, Robert Fuhrer

FALLS MEDIA, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book. Can't get enough Kendoku? Kendoku: Volume 2 contains 100 new puzzles that range from mild to mind-bending. Following the footsteps of Sudoku, Kakuro and other number logic games, Kendoku is one more addictive logic puzzle. Using logic together with the four math operations (+, -, ×, ÷), these fascinating puzzles offer endless fun and intellectual entertainment to puzzle fans of all skills and ages. The puzzles, either 6 x 6 or 9 x 9, look like Killer Sudoku games but in addition to numbers, players also contend with math operators (+, -, ×, ÷) within fences on the puzzle. Players arrive at the total at the top left of the fenced area by using the operator on all the numbers within the fenced area. Although the solution is a valid Sudoku solution, Kendoku numbers are allowed to be repeated within a fenced area as long as the result doesn't break the rules for a valid Sudoku.

Reviews

This pdf may be worth acquiring. It is definitely simplified but surprises inside the fifty percent of the pdf. I am pleased to let you know that this is the very best ebook we have read inside my own lifestyle and could be the finest publication for ever.

-- Prof. Abe Satterfield IV

I actually started out looking at this publication. It was actually written really perfectly and useful. It's been written in an extremely simple way and it is only soon after I finished reading through this pdf by which it really modified me, change the way I really believe.
