Seven Stories Press,U.S., United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. Ricky Bellamy is shot in the head by a vigilante at the corner of Geneva and Mission in San Francisco. He s declared brain-dead and hooked up to life support, but ten months later he emerges from his coma. The bullet stays lodged in his head--inoperable, the doctors say--but with it comes what Ricky calls visions, a third eye. Dirty in Cashmere follows Ricky through the recent past of San Francisco, a city dealing with the fall-out from the Fukushima nuclear disaster in Japan, after which massive contamination spread across the Pacific Ocean to California. He s set adrift in a world in which Life--the street name of an experimental radiation vaccine--is the currency by which both criminal enterprises and survival are won. As he squats in abandoned houses and brands himself as an oracle who can see the future, Ricky wonders whether there isn t a bigger picture out there, one that maybe he can t focus on or perhaps one that someone s hiding from him. And as his skills as an oracle are called upon by more powerful forces, it becomes clear that the one thing Ricky wants most to predict is the city s future--the mirror of his own destiny.
