Most of us say thank you reflexively to show good manners, appreciate favors received, enjoy serendipity or comply with etiquette. But research has shown that properly applied gratitude (not automatic or fake gratefulness) can exponentially improve your life and help you succeed in everything you do yes, EVERYTHING. The key lies in constantly following several things discussed in the book. The book contains a helpful Discussion Guide and a sample chapter of sequel The Power of Patience: 96 Traits of Highly Effective People - A Dip in the Minds of Successful Folk, From Leaders to Laymen. Through thought-provoking questions, the book gives extensive advice on how to use the discussion guide, how to inform decisions related to the topics at hand, and how to best read it alone, in reading groups, with your partner, or as part of learning activities, among others. After reading this book, you will know how to: Identify where your passion truly lies, and how to effectively follow your heart; Use gratitude to succeed in every project you undertake; and Communicate and negotiate more effectively (the promise in compromise) Who will benefit from this book You.
