EMPATHY AND THE PRACTICE OF MEDICINE: BEYOND PILLS AND THE SCALPEL

Yale University Press. Paperback. Condition: New. 222 pages. Dimensions: 9.0in x 5.9in x 0.7in. The treatment of medical illness today depends much more on science and technology than on the physician's ability to listen, comfort, and prescribe. Medicine is not only increasingly technical but is also increasingly involved with legal, governmental, and insurance constraints on patient care, and this state of affairs has done much to distance physicians from their patients. This important book seeks to restore empathy to medical practice,...

Reviews

This is an awesome publication i have at any time read. Of course, it is play, still an interesting and amazing literature. You will like just how the author write this book.

-- **Prof. Herta Mann**

This written pdf is great. It is really simplistic but surprises within the 50 percent of the pdf. I realized this pdf from my dad and i advised this pdf to understand.

-- **Mr. Milford Jakubowski IV**

If you need to adding benefit, a must buy book. it absolutely was writtem extremely flawlessly and valuable. Once you begin to read the book, it is extremely difficult to leave it before concluding.
