Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.No parent can ever prepare for the death of a child. When a child dies, a parent's world is shattered. In addition to helping foster more appropriate clinical interventions and therapeutic support for bereaved parents, Why My Child? outlines more realistic expectations for coping with such a life-changing loss. While nothing can take away the pain of losing a child, there are ways of supporting bereaved parents to help make their pain more bearable. As a marriage and family therapist, former clinical director of a mental health department, adjunct professor, and as a parent whose adult child died unexpectedly, I wholeheartedly recommend this powerful book as a much needed tool on the healing journey...
