Kavanagh, ?DID YOU KNOW.during daylight hours a signal fire can be seen a lot further away if you can produce the right color smoke? What is crucial to understand before reading this guide is that leaving a good game plan with a loved one before traveling into the wild is a critical step in being rescued. Signaling knowledge is as important for your survival as shelter, fire and water. This waterproof guide will teach you how to be visible through contrast and movement to your rescuers, as well as how to leave clues to be followed if you are on the move.
