Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Anti-Christian Socialism In these democratic days, we are very interested in the widespread unrest of the masses, and a good deal is being written upon the subject just now. The following pages deal with but one aspect only of the subject - the prevalence of the atheistic element in Socialism. I do not wish to express any opinion, in this book, either upon the merits or upon the demerits of the various economic, social, or political ideals of Socialism. I intend merely to speak of the prevalence of the atheistic element in Socialism. Further, I have no wish to imply that the ideals of Socialism tend necessarily towards atheism. I am merely concerned with the fact that very many Socialists are atheists, and that these maintain that Socialists, in order to be consistent, must be atheists and materialists.
