

Georgiques (Paperback)

By Jacques Delille

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****.The Georgics are a work of Virgil in four books, written between 36 and 29 BC. AD The author reaches some form of artistic perfection, which earned him to be considered the greatest poet of the time. The book is presented as a treatise on agriculture, but the themes are much broader: war, peace, death, resurrection. It is above all a celebration of the traditional peasant life. The Georgics are composed in total to 2500. Georgic The term comes from Greek and means worker of the earth. The work is divided into four books, which deal in order: crops and fields, arboriculture and vineyard, to herd livestock, and beekeeping. It can be seen that Virgil omits major themes such as gardens and botanical art; this is a voluntary oblivion, the author wanting to favor the business with pleasure.
